IBM Watsonx Orchestrate
Put AI to work for your business

Get started with your 30-day free trial today and take the first step towards transforming your workflows. Plus, discover the latest Watsonx Orchestrate capabilities—ready now to help your teams work smarter, faster and more securely.

Build AI agents in minutes
Autonomous agents that complete tasks for you. With our no-code builder, you can create and deploy agents in just minutes—using hundreds of pre-built tools to get started fast.

Prebuilt agents for HR, sales and procurement
Choose ready-to-use agents that automate common business tasks like screening candidates, qualifying leads or onboarding suppliers. Save time with trusted templates you can quickly tailor to your needs.

Leverage your existing investments
Connect to the apps and systems your teams already use. Agents can pull in your data and business knowledge, making your current tools more powerful without extra setup.

Orchestrate complex workflows
Automate entire processes—like approvals, support requests or onboarding—by linking multiple steps together. Free your teams from repetitive work and deliver seamless self-service.

By choosing I agree to the [IBM Privacy Statement](#).

Get the latest news from IBM (optional)
 Subscribe to the What's new at IBM newsletter to stay on top of the latest IBM product news and updates.

During the trial, we may share guidance on which features to explore. We may also reach out to you to check in on your progress and follow up after the trial is over. By participating in the trial, you agree to the [IBM Privacy Statement](#).

Step 3. Select a watsonx Orchestrate Instance

- Choose **N. Virginia (us-east-1)** as the deployment region
- Keep the default instance name
- Click **Create trial instance**

The screenshot shows the IBM Watsonx Orchestrate trial setup interface. At the top, there's a black bar with the IBM logo and the text "IBM Watsonx Orchestrate" followed by "Put AI to work for your business". Below this, on the left, there's a sidebar with three sections: "Build AI agents in minutes" (with a square icon), "Prebuilt agents for HR, sales and procurement" (with a person icon), and "Leverage your existing investments" (with a gear icon). The main area is titled "Deploy your trial" and contains fields for "Deployment region" (set to "N. Virginia (us-east-1)") and "Instance name" (set to "watsonx-orchestrate-9a"). A blue button at the bottom right says "Create trial instance". At the very bottom right, there's a link for "Cookie preferences and do not sell or share my personal information".

Step 4. Landing on the watsonx Orchestrate Page

- Wait for the watsonx Orchestrate instance to be provisioned
- If you reached the [watsonx Orchestrate landing page](#), you have just unlocked your superpower. Please let your instructor know, and wait for further instructions.

The screenshot shows the IBM watsonx Orchestrate landing page. At the top, there is a navigation bar with links for English, Contact Sales, Buy Now, and trial days left (30). On the far right, there are icons for AI, a magnifying glass, and a gear. The main area features a sidebar on the left with sections for Agents (selected), Chats (with a blue message icon), and Today. A "New chat" button is highlighted with a blue border. The main content area displays a welcome message: "Hello, welcome to watsonx Orchestrate". Below it, a note says "Accuracy of generated answers may vary. Please double-check responses." Three call-to-action cards are shown: "What can you do for me?", "Formalize Message", and "Summarize Meeting Notes". At the bottom, there is a search bar with the placeholder "Type something..." and a blue search icon. A footer bar at the very bottom includes links for "Create new agent", "Your privacy choices", and a "Watsonx" logo.
